

### ARTISAN WINEMAKING

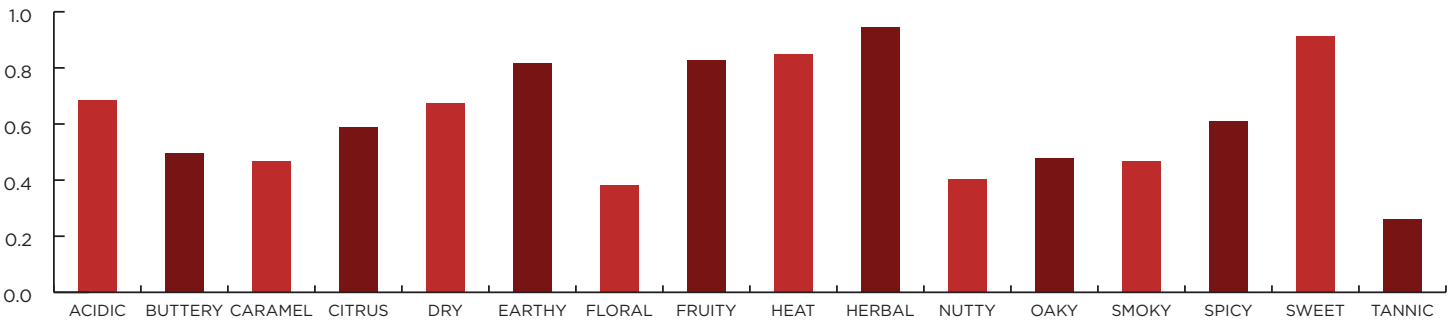

Pinot Grigio is the classic bright, crisp and refreshing Italian white wine. Unfortunately, rising international demand for this grape has resulted in rising prices and declining quality. The great news for American wine drinkers is that the farmers behind Cara Mia Pinot Grigio have a proven commitment to continually improve their great wines. "Value" has been the by-word for these farmers for more than eighty years.

### WINEMAKER NOTES

Disarmingly bright and refreshing, Cara Mia reminds us of why we fell in love with Pinot Grigio in the first place. From her bright citrus perfume to her pure and mouthwatering texture, Cara Mia Pinot Grigio is a delightful and sophisticated bottle of wine.

### TASTING NOTES

Aromas of white peaches & citrus on the nose. It is rich, round and delicious. The natural acidity lingers, making you want more and more.
